

5 BEAM SOURCE

Reference : SRC5F

12V 55W light source generating 5 parallel beams for geometric optics experiments. 2 magnetic covers provided to obtain 1, 3 or 5 beams. Magnetic sole is integrated for use on magnetic board

Technical characteristics:

- Black metal case
- Side fan and ventilation openings
- Bulb 12 V 55 W halogen
- Power supply: 12 V (not supplied)
- Magnetic sole
- Beam adjustment rod
- Dimensions / Mass: 200 x 87 x 120 mm / 1.2 kg
