

5 DECADES CAPACITANCE BOX

Reference : DECC5

Metal box with sloping front Robust and reliable

Technical characteristics:

- Precision: $\pm 1 \%$
- Maximum voltage: 300 V continuous / 230 V alternating at 50 Hz
- Metal box connected to a safety ground socket
- Total capacity: 11.111 μF
- Dimensions : 310 x 90 x 80 mm
- Mass: 1 kg
