

60,000-POINT BENCHTOP MULTIMETER

Reference : XDM1041

Display: 3.7" high resolution LCD

Resolution: 60,000 dots

Measurements: AC/DC voltage, AC/DC current, resistance, capacitance, frequency, diode and continuity test, temperature

AC True RMS measurement, measurement bandwidth: 20 Hz - 1 kHz

SCPI on stand, remote control of multimeter via PC software (USB port)

Dimensions / Weight: 235 x 88 x 65 mm / 450 g

Supplied with power cord, USB cable and test leads
