

AIR RECIRCULATION HOOD WITHOUT FILTER

References : BH06D, BH09D, BH09Z, BH06Z, BH12D, BH12Z

If you do not wish to equip your hood with an activated charcoal filter, you can opt for an externally connected model.

The technical characteristics are identical to the models with filter.

On the other hand, it will be necessary to use a ventilation unit(see CDV ref.) Accompanied by a connection kit (see KRC ref.).

Reference	Model	Reach through
BH06D	Labopur 600	2 mains
BH06Z	Labopur 600	trapèze
BH09D	Labopur 900	2 mains
BH09Z	Labopur 900	trapèze
BH12D	Labopur 1200	2 mains
BH12Z	Labopur 1200	trapèze
