

BOX OF 102 ATOMS

Reference : COF102AT

- Large size models: ideal for demonstrations
- Compact or exploded configuration
- To go further in organic chemistry

- Single or multiple connections
The set comes in a box with transparent lid.
Dimensions: 46 x 35 x 8 cm
Ø Hydrogen Atom: 3 cm
Configuration:

- Compact
- Exploded
Links: single and multiple
Scale:
1.5 cm / Å (compact)
4 cm / Å (exploded)
