

BOX OF 60 ATOMS

Reference : COF60AT

- Large size models: ideal for demonstrations
- Compact or exploded configuration
- The basis for a good start in organic chemistry
- Single or multiple connections
The set comes in a box with transparent lid.
Dimensions: 38 x 29 x 6 cm
Ø Hydrogen Atom: 3 cm
Configuration:
- Compact
- Exploded
Links: single and multiple
Scale:
1.5 cm / Å (compact)
4 cm / Å (exploded)
