

CONNECTION CORDS - Ø 4 MM

References : CORD3-100-N, CORD3-50-N, CORD3-50-R, CORD3-100-R, CORD3-25-N, CORD3-25-R

Connecting lead with retractable stackable plug

Standardised cords according to IEC 61010-1 / 61010-031

On request, it is also possible for us to offer cords of section 1 mm² supporting intensities up to 20 amperes.

Cords made with PVC cable, brass and CuBe / Ni contacts and polyamide and polypropylene insulators. Their section of 0.75 mm² allows them to bear intensities up to 12 amperes.

* Specify the colour: Red: R, Black: N, Green: V, Blue: B

Example: for a cord of 50 cm red, order the reference CORD1-50-R

Reference	Length	Colour
CORD3-100-N	100 cm	Noir
CORD3-100-R	100 cm	Rouge
CORD3-25-N	25 cm	Noir
CORD3-25-R	25 cm	Rouge
CORD3-50-N	50 cm	Noir
CORD3-50-R	50 cm	Rouge
