

# CONTINENTAL AND OCEANIC ROCKS COLLECTION

References : CRCO, ECHRCO

Two formulas to choose from:

The collections are presented in a cardboard box bearing the name and reference of the collection. This presentation facilitates the arrangement and preparation of practical observation work on a specific theme. For each geology collection, you can choose between the thin-slide version comprising one slide of each rock, or the sample version comprising 3 samples of each rock.

Samples

**Réf : ECHRCO**

Thin slides

**Réf : CRCO**
