Comprendre le fonctionnement du système musculo-articulaire

8 pieces.

The model shows the right elbow of a man with each muscle, the insertions and the origins of the muscle on the bone of the upper arm as well as on the radius and on the ulna.

For didactic reasons, the insertion and origin surfaces of the muscles are represented enlarged and in colour (insertion =red; origin =blue).

The muscles are placed on their respective insertion and origin surfaces and are therefore easy to remove.

Dimensions: 25 x 41 x 25 cm, weight: 1.8 kg.
