

GEOLOGICAL MAP OF FRANCE

PRODUCT SHEET

Reference : CG1/SANPOU

1 folded sheet

1: 1,000,000 map.

6th edition revised in 2003. Format 1,18m x 1,24m

Created by the BRGM in collaboration with many French and foreign researchers and scientists. The map can be read at two levels: at a distance to observe large regional units, closer to discover the successive geodynamic phenomena.

Comes with explanatory note
