

# HEART RATE SENSOR

PRODUCT SHEET

Reference : PS-3207

**Hands-free operation makes it ideal for cycling, running and more**  
**Easy to use, just connect wirelessly and attach the strap to collect data**

The wireless exercise heart rate sensor comes with a chest strap that will transmit wireless data up to 10m away! (worn against the skin for best results but can be worn on a shirt if saline is applied under the electrodes).
