

MERIT WATER DISTILLER

Reference : W4000

High quality distiller for an economical price, designed for occasional use.

- A safety thermostat protects the distiller in the event of a failure of the water supply.
- Easy installation. Can be placed on a bench or hung on the wall.
- Low temperature distillate of high quality that can be used immediately.

Technical characteristics:

- Flow: 4 litres / hour
- Distillate pH: 5.0 to 6.5
- Conductivity: 3.0 to 4.0 microseconds / cm
- Resistivity: 0.25
0,30 MΩ/cm
- Output distillate temperature: 25 to 35° C
- Water supply: 60 litres / h
- Dimensions (L x h x d): 50 x 15 x 45 cm

- Weight: 11 kg
