

# MODULAR HELIUM / NEON GAS LASERS

Reference : LASGAZ1

Wavelength: 632.8 nm  
Power: 0.5 - 1 mW  
Class II  
Beam diameter: 0.49 mm  
Beam divergence: 2.5 mrad  
Polarisation: random  
Modulation: BNC socket  
Frequency range: up to 1 MHz

Power Supply: 230 V  
Dimensions: 82 x 450 x 76 mm

|                               |            |
|-------------------------------|------------|
| <b>Reference</b>              | LASGAZ1    |
| <b>Power</b>                  | 0,5 - 1 mW |
| <b>Power with grey filter</b> | < 0,2 mW   |
| <b>Wavelength</b>             | 632,8 nm   |
| <b>Class</b>                  | Classe II  |
| <b>Beam diameter</b>          | 0,49 mm    |
| <b>Divergence of beam</b>     | < 2,5 mrad |
| <b>Polarisation</b>           | Aléatoire  |

|                        |                  |
|------------------------|------------------|
| <b>Power stability</b> | ± 5 %            |
| <b>Power supply</b>    | 230 V / 50 HZ    |
| <b>Dimensions</b>      | 80 x 360 x 75 mm |
| <b>Mass</b>            | 2 kg             |
