

PORTABLE PH METER

Reference : PHPORT

Technical characteristics:

- Backlit 42 x 33 mm LCD display
- Measurement ranges:
- pH: -2.00 to 19.99 \pm 0.01
- mV: \pm 1999 mV \pm 0.1%
- Automatic range change
- Waterproof appliance
- Automatic temperature compensation from 0 to 100 ° C
- Automatic calibration (in 1 to 3 points)
- Storage of 100 groups of data
- Dimensions: 65 x 120 x 31 mm
- Mass: 180 g
- Supplied with 2 AA batteries, 3 vials (50 mL) standard solution (pH 4.00, pH 7.00 and pH 10.01), a pH

3 in 1 probe, and a plastic storage and protection case.
