

PORTE LENTILLE ET DIAPOSITIVE

Reference : PLENTDIAP

Lens and slide holder

Removable magnetic holder for mounting \varnothing 40 mm components or 50x50 mm slides. The \varnothing 40 mm component is secured by a plastic ring.

The support rotates, making it easy to adjust the objects studied without moving the rod support.

- \varnothing metal stand: 120 mm
- metal rod: \varnothing 10 x 125 mm
