

TABLE FOR CARTS ON AIR CUSHION BENCH

Reference : TABAIR

Easy installation

- . No blower
- . Tray is both lightweight and dimensionally stable
- . Comes with a cart

Large rigid plastic tray on which the air cushion cart can move.

Adjustable feet make it possible to ensure the device is completely horizontal, or on the contrary to create a slope to carry out, for example, parabolic movements.

The tray comes with a small Ø 90 mm mobile air cushion small model

Dimensions: 700 x 500 x 35 mm

Mass: 3.4 kg
