

VERSATILE 12 V 21 W SOURCE

PRODUCT SHEET

Reference : POLYSRC2

Lantern mounted in a black aluminium housing in which a 12 V 21W incandescent bulb is arranged. It is equipped with a magnetic sole and vents.

Comes with a 1 or 3 slot accessory with removable condenser and a \varnothing 10 mm rod. A pulling device makes it possible to adjust the precision and the parallelism of the light beams.

Dimensions (with rod): 230 x 85 x 90 mm
